Wellness is a concept of health living combining physical and psychological health, healthy diet, reasonable physical activity and avoiding bad habits. With harmony of all body functions and positive thinking a person acquires a new quality of living, self-esteem, freedom and satisfaction.

DETA-ELIS Holding focuses on project development in accordance with the philosophy of wellness. The DeVita series of the portable wellness devices offers comprehensive human health maintenance. The portable DeVita devices are unique in their safety, effectiveness and ease of use. The best experts in physics, biology and wellness are involved in the development of the devices and software. The DeVita devices are manufactured in Germany and show superb quality and reliability. Thus with wellness devices from DETA-ELIS Holding you feel great, young and beautiful.

# DeVITA AP

BASE MODEL

## CLEARANCE

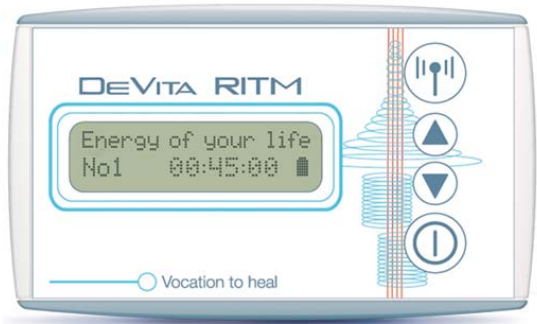

affecting surrounding tissues. The device comes with 30 pre-installed programmes helping you and your family to feel great.

### Benefits of DeVita AP:

- Effectively cleans the body allowing not only to get rid of fungi, viruses and parasites, but also to stay young and active
- Regulates functioning of the body internals and systems, improves eye health, alleviates migraine and headaches
- Strengths the immune system, protects from seasonal colds and helps in allergy prevention
- Safe for children: perfectly protects from helminths, effectively fights against viruses and bacteria

The DeVita AP electromagnetic device is a health recovery appliance, unmatched worldwide. Its action is based on the emission of electromagnetic waves which resonate with the vibrations of various parasites – from viruses to helminthes. DeVita AP protects from viruses (124 species), bacteria (95 species), fungi (61 species), parasites (31 species) and helminths (34 species). DeVita AP selectively targets bacteria and parasites, not

The DeVita Ritm electromagnetic device is a unique innovation designed to improve general state, get rid of stress and fatigue. Every human body emits certain frequencies. Under the influence of unfavourable external factors, these frequencies deviate from their natural standards, and a risk of disease occurs. This is especially true for megalopolises, with their constant stress, impetuous lifestyle and harmful environment. The device comes with 30 pre-installed programmes helping you and your family to feel great.

## RECOVERY

### Benefits of DeVita Ritm:

- Detoxifies the body: fights with fatigability, irritability, stress, weakness, sleep disorders
- Improves general health: improves condition of blood vessels, helps to prevent arthritic diseases, regulates digestion
- Helpful for students: improves memory, concentration, state of joints, boosts immunity, takes off the eye fatigue
- Raises muscle tone, vitalizes and energizes

The user of the DeVita wellness devices can use the ready combinations as well as to create the new ones according to their own needs. For this purpose a special solution was developed: the DelInfo programming software that includes about 3000 programs and is available in five European languages: English, German, French, Spanish and Russian.

The software is extremely easy to use: it doesn't require any installation and setting-up. The intelligent software recognises the connected DeVita device, displays its image and type, and connects itself to an available database. All that you need to do is simply insert

a flash programmer into the USB port and then you can proceed! Additionally DelInfo is constantly updated and has an extremely high level of information security.

# FLASH KIT

Compact flash drive with all information in handy and accessible digital format. The small Flash KIT stores comprehensive and up-to-date information. Business guide (marketing plan, STEP UP, Fast Track, candidates list, licence agreement), latest video- and textual materials can be found here.

Moreover the list of optional materials to order is provided. Flash KIT Software is specifically intended for the DETA-ELIS

Holding partners. Flash KIT has a number of advantages, such as portability and handy materials storage, upgradeability via Internet, intuitive interface, and simple search function. CD is not required for installation. Software is stored in the Flash KIT memory. Flash KIT is your rescue kit in the sea of information!

# DeVITA COSMO

DeVita Cosmo is the first device in the DeVita product range designed exclusively for cosmetology. We managed to implement a fundamentally new approach to removing wrinkles and keeping skin looking healthy and young. DeVita Cosmo accumulates the unique technology that knows no equals in the

world where the constant cosmetic effect is achieved due to the action of the quantum and low-frequency electromagnetic radiation. Unlike most cosmetic chemical products that temporarily eliminate only external defects, DeVita Cosmo affects deeper skin layers, first and foremost making your skin healthy.

## **Benefits of DeVita Cosmo:**

- Smooths out wrinkles
- Non-surgical facelift
- Wipes out acne and pimples
- Restores skin protective functions, normalises metabolic processes, improves complexion
- With regular use your skin becomes smoother, firmer and suppler

# Del'or

DETA-ELIS Holding is happy to present its innovative exclusive Del'or cosmetic line based on the the principles of physics. It has been proven that the amount of wrinkles is reduced by 50% after the first application. Moreover when used regularly the Del'or cosmetics not only reduces wrinkles, but also deeply cleans the skin, restores blood circulation as well as skin moisture and pH balance. Skin regains elasticity and suppleness, restores its natural barrier functions and resists negative environmental impact. The Del'or GOLDEN MATRIX cosmetic line contains pure 24k colloid gold which improves the skin while soothing and boosting its natural regeneration and rejuvenation.
